Zendokai karate of JKA Sweden, organized the 4th edition of Zendokai international camp in Halmstad, Sweden.

Instructors during the camp was Ueki Masaaki Shuseki Shihan, 10 Dan, Ogura Yasunori Sensei, 8 Dan, Kurihara Kazuaki Sensei, 5 Dan, and Shiina Mai Sensei, 4 Dan.

Ueki Masaaki Shuseki Shihan, 10 Dan, instructed on this his first ever visit to Halmstad. During the sessions he provided insightful remarks on the fundamentals of diligent training and gave also evidence of the positive effects of such deliberate lifelong training. Ueki Shihan demonstrated many techniques and also gave example on how to master Kihon training.

Ueki Shihan was pleased to see both the hard training karateka's and the camp arrangement.

However he also noted possible improvements on the karateka's karate training. He made strong points to especially the black belts to maintain focus during training so that all training is conducted mindfully.

Tim Andersson, Lund karate club, was both functioning as Uke and interpreter to the instructors during the camp, a busy task he managed well.

Ogura Yasunori and Shiina Mai Sensei's where back in Halmstad for their second time. For Kurihara Kazuaki Sensei, Halmstad was a first, but definitely not last.

Ueki Shuseki Shihan also paid a visit to Zendokai Dojo nearby Halmstad arena. Ueki Shihan here seen in Zendokai Dojo talking with Lindqwist, Hedlund and Okuno Sensei.

Ueki Shihan complimented Lindqwist Sensei of the facilities giving both "Bob" and Makiwara a beating.

Ogura Sensei instructed in his familiar manner, challenging both young and old. The classes covered a wide variety of Kihon, Kata and Kumite and Ogura Sensei gave good advice on further personal development on all fundamentals of Karate. On the picture to the left is taught the basic concept of delivering a devastating Mae Geri.

Ogura sensei also proved living example of hard and devoted training to maintain both flexibility, strength, speed and spirit.

Kurihara Sensei gave multiple classes providing the students building pieces of what it takes to move your karate up the ladder to world class.

He also introduced his own way of feedback to the black belt students, the "Kurihara smile" with a little chuckle at the end, letting the students know that there are always room for improvements.

All classes where well balanced and the students was truly inspired by the teachings.

To train for Kurihara Sensei was a dream come true for many of the younger students competing. Still three weeks after the camp you can hear the voice of young karateka's referring to his lessons in Zendokai Dojo, while preparing for next competition.

Shiina Mai Sensei inspired as always during her classes with her happy and encouraging teaching style. The karateka's perform faster and harder while enjoying the training fully.

variety of Kata, Kumite and Kihon drills.

The venue by tradition is Halmstad arena, with its well suited facilities for training and a restaurant that provides lunch included for the participants. A proven concept.

This year 340 karateka's trained 6 sessions with roughly 50 Danes being the largest foreign contingent. Other nations represented besides Sweden where Germany, Norway, Finland, Zimbabwe, Cyprus and of cause Japan. Feedback from the camp indicates that we have only seen the beginning of international interest, a development we encourage. Halmstad is well suited both geographically and has long term karate legacy in Sweden.

Everybody trained hard and challenged themselves in the athletic jumps in Kata.

All ages showed good stamina in training.

Wednesday to Friday our guest instructors taught the regular classes at Zendokai. A great way of getting warmed up and acquainted.

Zendokai Friday kumite also took place in Halmstad Arena.

Marianne Blicher, chairman of Zendokai, found good use of her Mae Geri.

During evening Saturday Zendokai arranged the after karate get together at Scandic hotel. The sun was beaming so we all enjoyed the great
